

## IF THE BUYER(S)' INCOME EXCEEDS THESE LIMITS, CAN HE/SHE STILL GET A CREDIT?

Yes, some buyers may still be eligible for the credit. The credit decreases for buyers who earn between \$125,000 and \$145,000 for single buyers and between \$225,000 and \$245,000 for home buyers filing jointly. The amount of the tax credit decreases as his/her income approaches the maximum limit. Home buyers earning more than the maximum qualifying income—over \$145,000 for singles and over \$245,000 for couples are not eligible for the credit.

## CAN A BUYER STILL QUALIFY IF HE/SHE CLOSES AFTER APRIL 30, 2010?

Under the Extended Home Buyer Tax Credit, as long as a written binding contract to purchase is in effect on April 30, 2010, the purchaser will have until July 1, 2010 to close.

## WILL THE TAX CREDIT NEED TO BE REPAID?

No. The buyer does not need to repay the tax credit, if he/she occupies the home for three years or more. However, if the property is sold during this three-year period, the full amount credit will be recouped on the sale.
